PRIMARY EXAMINER

GROUP-2500-2627

1. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest an rotary-type actuator arm for a disk drive with a wire assembly support structure attached to the side of the actuator arm, the wire support structure having a fixing section remote from the head suspension to which the wire assembly is attached, and an open section nearer the head suspension with a portion that projects out from the side of the actuator arm that is adjacent to but spaced from the wire assembly.

2. The drawings are objected to because figures 7(A) – 7(C) on sheet 7 have faint lines that do not clearly illustrate the subject matter involved. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and

informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
